- ☐ Operate without any resources
- ☒ Meet demand and control costs
- ☐ Eliminate the need for strategy
- ☐ Avoid all competition permanently

Correct!

That's correct!

Question 5

1 / 1 pts

Which stage is most associated with broad market push activities after the product is ready to go to market?

- ☒ Launch and Promotion
- ☐ Process-focused Production
- ☐ Basic Research
- ☐ Idea Generation

Correct!

That's correct!

Question 6

1 / 1 pts

Which stage focuses on building a preliminary working version of the product for validation?

- ☐ Commercialization
- ☐ Concept Design
- ☒ Prototype Development
- ☐ Idea Screening

Correct!

That's correct!

Question 7

1 / 1 pts

"Customer-as-Product" emphasizes treating customers as:

- ☐ Unpredictable noise in the system
- ☒ Valuable assets integral to the value proposition
- ☐ Only users of after-sales service
- ☐ Only cost drivers to be minimized

Correct!

That's correct!

Question 8

1 / 1 pts

Which example best fits "Customer-as-Participant"?

- ☐ A firm runs continuous 24/7 production
- ☐ A firm forecasts demand using moving averages
- ☒ Customers submit and influence service ideas via a feedback/suggestion platform
- ☐ A firm performs correlation analysis

Correct!

That's correct!

Question 9 1 / 1 pts

In service process design, "quasi-manufacturing" typically implies:

- ☐ Purely manual operations with no automation
- ☐ Only customized services with extreme variety
- ☐ Low capital investment and high customer contact
- ☒ High capital investment and relatively low customer contact

Correct!

That's correct!

Question 10 1 / 1 pts

Which activity explicitly connects QFD thinking to support after the sale?

- ☐ Weighted moving average
- ☐ Process flowcharting
- ☒ After Sales Service and troubleshooting
- ☐ Correlation analysis

Correct!

That's correct!

Question 11 1 / 1 pts

Which is an example of batch production mentioned in the teaching content?

- ☐ Facility location planning
- ☐ Economic forecasting
- ☐ Demand seasonality analysis
- ☒ Batches of bread, cakes, and pastries

Correct!

That's correct!

Question 12 1 / 1 pts

The primary objective of mass production is to produce:

- ☐ Only prototypes for market testing
- ☐ Only intangible outputs
- ☒ High volume of identical items efficiently
- ☐ Low volume of highly customized items

Correct!

That's correct!

Question 13 1 / 1 pts

Which factor considers external competitive/supplier/customer conditions that may shift over time?

- ☐ Process mapping
- ☐ Flow balancing
- ☐ Cycle time only
- ☒ Market dynamics

Correct!

That's correct!

Question 14 1 / 1 pts

Which stage comes after Idea Screening in the product development process?

- ☒ Concept Development and Testing

Correct!

☐ Launch and Promotion

☐ After Sales Service

☐ Process Analysis

That's correct!

Question 15

1 / 1 pts

Which of the following is an example commonly associated with mass production?

☐ One-off interior decor project

☐ Handcrafted unique sculpture

☐ Customized prototype for a single customer

☒ Household appliances

Correct!

That's correct!

Question 16

1 / 1 pts

Batch production involves:

☒ Producing a limited quantity before moving to the next set

☐ Continuous nonstop production with minimal variation

☐ Producing only services with customer participation

☐ Producing a single unit at a time only

Correct!

That's correct!

Question 17

1 / 1 pts

Which is a correct sequence of steps in business process analysis?

☐ Collect Data → Improve → Define → Map → Analyze

☒ Define → Collect Data → Map → Analyze → Improve

☐ Improve → Map → Define → Analyze → Collect Data

☐ Analyze → Improve → Map → Collect Data → Define

Correct!

That's correct!

Question 18

1 / 1 pts

Which factor influences a make-or-buy decision by emphasizing keeping attention on core activities?

☒ Strategic focus

☐ Random variation

☐ Horizontal demand

☐ Seasonality

Correct!

That's correct!

Question 19

1 / 1 pts

Which stage focuses on filtering out weak ideas before major resources are committed?

☐ Post Launch Evaluation

☐ Market Testing

☒ Idea Screening

Correct!

☐ Final Product/Service Testing

That's correct!

Question 20

1 / 1 pts

Which of the following is listed as a QFD-related activity?

☐ Time-series forecasting

☐ Plant location selection

☐ Moving average computation

☒ Prototype Testing

Correct!

That's correct!
