Question 4

1 / 1 pts

A key aim of motion study is to:

Correct!

- ☒ Reduce worker fatigue by improving ergonomic conditions
- ☐ Replace quality control with speed
- ☐ Increase customer contact intentionally
- ☐ Eliminate all automation

That's correct!

Question 5

1 / 1 pts

Which is listed as a benefit of method study?

Correct!

- ☐ Higher inventory waste
- ☐ Lower collaboration
- ☐ Increased demand uncertainty
- ☒ Reduced costs

That's correct!

Question 6

1 / 1 pts

Motion study is stated to contribute to initiatives such as:

Correct!

- ☐ Only credit risk scoring
- ☒ Lean Manufacturing and Six Sigma
- ☐ Only advertising optimization
- ☐ Only economic policy design

That's correct!

Question 7

1 / 1 pts

Which is one of the key steps of motion study?

Correct!

- ☐ Draft the corporate mission
- ☒ Observing motions
- ☐ Run correlation analysis
- ☐ Compute exponential smoothing

That's correct!

Question 8

1 / 1 pts

Which is listed as an outcome of effective job design?

Correct!

- ☐ Higher employee fatigue as a standard
- ☒ Improved safety and quality control
- ☐ Reduced need for any training
- ☐ Increased production delays by design

That's correct!

Question 9

1 / 1 pts

Which is listed as an application of motion study?

Correct!

- ☒ Tool and equipment placement

What are the steps in the process?

- ☐ Brand positioning
- ☐ Sales territory planning
- ☐ Dividend policy setting

That's correct!

Question 10

1 / 1 pts

Which is listed as an application of motion study?

- ☐ Market testing
- ☐ Demand forecasting
- ☐ Technology forecasting
- ☒ Workstation design

Correct!

That's correct!

Question 11

1 / 1 pts

In the method study procedure, which step focuses on putting the new method into operation?

- ☐ Maintain
- ☐ Develop
- ☒ Install
- ☐ Examine

Correct!

That's correct!

Question 12

1 / 1 pts

Which is listed as a benefit of method study?

- ☐ Reduced forecasting accuracy
- ☒ Enhanced safety and ergonomics
- ☐ More random variations in output
- ☐ Lower decision-making quality

Correct!

That's correct!

Question 13

1 / 1 pts

In the method study procedure, which step comes immediately after "Record"?

- ☐ Maintain
- ☐ Select
- ☐ Install
- ☒ Examine

Correct!

That's correct!

Question 14

1 / 1 pts

Effective job design can lead to:

- ☐ More resistance to change
- ☐ Higher inventory holding costs
- ☒ Lower turnover and absenteeism rates
- ☐ Reduced quality control

Correct!

That's correct!

Question 15

1 / 1 pts

In the method study procedure, which step focuses on creating the improved method/solution?

- ☐ Record
- ☒ Develop
- ☐ Maintain
- ☐ Select

Correct!

That's correct!

Question 16

1 / 1 pts

Work study typically involves two main techniques:

- ☐ Product design and process analysis
- ☐ Regression analysis and correlation analysis
- ☒ Time study and motion study
- ☐ Trend projection and moving average

Correct!

That's correct!

Question 17

1 / 1 pts

In the work study structure, "work measurement" is linked with:

- ☒ Time study
- ☐ House of Quality
- ☐ Idea screening
- ☐ Motion study

Correct!

That's correct!

Question 18

1 / 1 pts

In the method study procedure, the first step is:

- ☐ Develop
- ☒ Select
- ☐ Maintain
- ☐ Install

Correct!

That's correct!

Question 19

1 / 1 pts

Which is listed as a challenge associated with time studies?

- ☐ No ethical concerns ever
- ☐ Perfect representativeness with tiny samples
- ☐ Unlimited budgets
- ☒ Resistance from workers

Correct!

That's correct!

Question 20

1 / 1 pts

Which option correctly matches the pairings in work study?

Correct!

- ☒ Method study → Motion study; Work measurement → Time study
- ☐ Method study → Forecasting; Work measurement → Inventory control
- ☐ Method study → Time study; Work measurement → Motion study
- ☐ Method study → Regression; Work measurement → Correlation

That's correct!
